Building Objectives	For example
1. What activity will members engage in? How many members will engage in this activity? Where will the members engage in the activity? With whom (general category: students by grade level, parents, senior citizens, victims of recent crimes, etc.) and how frequently ?	6 members will tutor students, identified by teachers as low achievers, each day for 1 hour in Brook, Pond and Stream Elementary School .
2. What will change as a result of the activity? (Be sure that there is a direct connection between the <i>activity</i> and the <i>desired change</i> .)	Students' academic performance will be enhanced.
3. What tools/methods will the program use to measure the change? (Please identify the specific instrument the program will use.)	Tracking sheet for daily grades, teacher anecdotes, and quarterly test scores .
4. How much change will indicate success? Over what period of time ? How many (numbers or percentage) beneficiaries will achieve this level of change?	85% of students will demonstrate increase in grades at least one grade level in the tutored subject over the course of the academic year .
5. How many people will directly benefit from this activity?	150 students will benefit.
6. Restate your complete objective (steps 1 – 5). Sample: <i>6 members will tutor 150 low achieving students (as identified by teachers), each day for 1 hour in Brook, Pond and Stream Elementary School, with 85% of the students demonstrating increase in grades of at least one grade level in the tutored subject over the course of the academic year, as measured by tracking sheet for daily grades, teacher observations and quarterly test scores.</i>
